

Building Department Town Standards

1. For building permit issuance: A building permit will be available to for pick up at town hall **within 10 business days** of completed paperwork being submitted to the town. Completed paperwork includes: accurate project valuation provided, site plans provided, building permit fees and other applicable fees paid, signatures provided, etc.
2. For requests for building inspections—will be scheduled **within 3 business day** of request.
3. For return calls on requests for information-**typically within 2 business days**. For simple questions like what is the snow load, they can be directed to the FAQs on the town web site or Building Inspector will return their call. However, if people want a consultation on their project or have in-depth questions that involve research, they will be charged \$47.00/hr or fraction thereof, per the Town of Mancos Municipal Code. This charge will be in addition to building permit fees.
