

## Montezuma County Hazard Mitigation Plan Public Involvement/Participation

A partnership between the City of Cortez, Town of Dolores, Town of Mancos, Montezuma County, and other stakeholders in Montezuma are working together to create a Montezuma County Hazard Mitigation Plan. Community input and involvement is instrumental in the development of a mitigation plan that truly reflects the perceptions and needs of Montezuma residents.

We have developed a community survey and would like as much input from Montezuma residents, businesses, and interested citizens as possible. Please take a few minutes to fill out this survey so that your ideas may become a part of the plan to make Montezuma a safer and more resilient city!
